GLOSSARY OF TERMS

Variable number	Indicates order of appearance on the UDS form
Variable name	For non-fixed-format files, variable name must match exactly
Version	3
UDS question	The question as it appears on the UDS form
Length of field	For fixed-field formats, number of columns for this variable
Column positions	For fixed-field formats, column numbers for this variable
Data type	For non-fixed-field formats, variable type as numerical or character
Allowable codes	List of codes with mapping instructions
Blanks and skips	Instructions for skip patterns
Comments	Other instructions as needed
